TRIO

Technology Research Innovation Orientation

TRIO is the Tuscany Region's distance learning system: a fully free public service established with support from the **European Social Fund (ESF)** and now funded by the **European Social Fund Plus (ESF+) 2021-2027.**

The platform is built on **Moodle,** one of the world's most widely used **open-source software** for online learning.

Over the years, the project has established itself as a cornerstone of public e-learning, helping position Tuscany among the most active Italian regions in this field, even at a European level.

All services are entirely free

TRIO is designed for anyone who wants to

- Build and strengthen key skills
- Enter or re-enter the job market
- Update and retrain professionally
- Learn for personal development
- Improve language skills and support integration

Are you a **public** or **private** organization? TRIO is for you, too!

TRIO offers customized learning environments for institutions, public organizations, training providers, and companies.

Through **Web Learning Groups (WLG)**, it is possible to design and manage online training pathways for groups of users.

A **complete** learning experience

TRIO offers a flexible learning experience combining courses, webinars, and workshops tailored to meet different educational needs.
